The Catalogue of Copyright Entries appears each week. The weekly issue of Part 2 would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical. To avoid this inconvenience the alphabet of periodicals includes all the entries completed by deposit during the preceding month. Thus a search for any periodical through a year will require an examination of only 12 indexes instead of 52, as formerly.

The entries are arranged alphabetically by titles.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file, but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 174830, Dec. 10, 1908; 2 copies received to complete copyright Dec. 16, 1908."

PART 2:

PERIODICALS INDEX

NEW SERIES, VOLUME 4

Nos. 5–8

FEBRUARY, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

THE Catalogue of Copyright Entries appears each week. The weekly issue of Part 2 (Periodicals) would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical. To avoid this inconvenience, all the entries for periodicals completed by deposit since the last issue are arranged here in a single monthly alphabet. Thus a search for any periodical through a year will require an examination of only 12 indexes instead of 52, as formerly.

The entries are arranged alphabetically by titles.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file; but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 17482, Dec. 10, 1908; 2 copies received to complete copyright Dec. 28, 1908."

PART 2:

PERIODICALS INDEX

NEW SERIES, VOLUME 4

Nos. 9–12

MARCH, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

THE Catalogue of Copyright Entries appears each week. The weekly issue of Part 2 (Periodicals) would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical. To avoid this inconvenience, all the entries for periodicals completed by deposit since the last issue are arranged here in a single monthly alphabet. Thus a search for any periodical through a year will require an examination of only 12 indexes instead of 52, as formerly.

The entries are arranged alphabetically by titles.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file; but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 174847, Dec. 10, 1908; 2 copies received to complete copyright Feb. 1, 1909."

PART 2:

PERIODICALS INDEX

NEW SERIES, VOLUME 4

Nos. 13–17

APRIL, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

THE Catalogue of Copyright Entries appears each week. The weekly issue of Part 2 (Periodicals) would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical. To avoid this inconvenience, all the entries for periodicals completed by deposit since the last issue are arranged here in a single monthly alphabet. Thus a search for any periodical through a year will require an examination of only 12 indexes instead of 52, as formerly.

The entries are arranged alphabetically by titles.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file; but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 174831, Dec. 10, 1908; 2 copies received to complete copyright Mar. 16, 1909."

PART 2:

PERIODICALS INDEX

NEW SERIES, VOLUME 4

Nos. 18–21

MAY, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

THE Catalogue of Copyright Entries appears each week. The weekly issue of Part 2 (Periodicals) would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical. To avoid this inconvenience, all the entries for periodicals completed by deposit since the last issue are arranged here in a single monthly alphabet. Thus a search for any periodical through a year will require an examination of only 12 indexes instead of 52, as formerly.

The entries are arranged alphabetically by titles.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file; but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 174856, Dec. 10, 1908; 2 copies received to complete copyright Apr. 5, 1909."

CATALOGUE

OF

COPYRIGHT ENTRIES

PUBLISHED BY AUTHORITY OF THE ACTS OF CONGRESS OF MARCH 3, 1891, AND JUNE 30, 1906.

PART 2:

PERIODICALS INDEX

NEW SERIES, VOLUME 4

Nos. 22–25

JUNE, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

THE Catalogue of Copyright Entries appears each week. The weekly issue of Part 2 (Periodicals) would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical. To avoid this inconvenience, all the entries for periodicals completed by deposit of copies since the last issue are arranged here in a single monthly alphabet of titles. Thus a search for any periodical through a year will require an examination of only 12 indexes instead of 52, as formerly.

The entries are arranged alphabetically by titles.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file; but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 174839, Dec. 10, 1908; 2 copies received to complete copyright May 19, 1909."

PART 2:

PERIODICALS INDEX

NEW SERIES, VOLUME 4

Nos. 26–30

JULY, 1909

WASHINGTON

GOVERNMENT PRINTING OFFICE

1909

THE Catalogue of Copyright Entries appears each week. The weekly issue of Part 2 (Periodicals) would necessitate a possible search through 52 alphabets in each year in order to locate the title of any given periodical. To avoid this inconvenience, all the entries for periodicals completed by deposit of copies since the last issue are arranged here in a single monthly alphabet of titles. Thus a search for any periodical through a year will require an examination of only 12 indexes instead of 52, as formerly.

The entries are arranged alphabetically by titles.

To save space, the copyright notice after each title is abbreviated. Every entry in the Catalogue implies the deposit of copies, the title of no periodical being included in the Catalogue unless copies are on file; but if the copies have been received on the same date as the day of entry the statement of the receipt of copies on that date is not repeated, but is understood.

The notice after the first title, if printed in full, would read: "Copyright by New England railway pub. co., Boston, Mass. Class B, XXc, no. 174832, Dec. 10, 1908; 2 copies received to complete copyright June 16, 1909."

GOVERNMENT PRINTING OFFICE

1909

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B."—Class B, Periodicals; "©,"—Copyright, followed by date of publication; "2 c.,"—2 copies, followed by date of their receipt.

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.75 for 1909, $0.50 for 1910, payable in advance to the Superintendent of Documents, by postal money order, express order, or New York draft.

1909

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©," Copyright, followed by date of publication; "2 c.," 2 copies, followed by date of their receipt.

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.75 for 1909, $0.50 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

1909

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©," stands for copyright registration, followed by date of publication and "2 c.," for 2 copies, followed by date of their receipt.

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.75 for 1909, $0.50 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©," stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

Each number has an index to proprietors. The December number, completing the volume, has a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.75 for 1909, $0.50 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

1909

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©," stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

Each number has an index to proprietors. The final number, completing this volume, will have a full annual index to both titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.75 for 1909, $0.50 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Note.—The final issue for vol. 4 (Nos. 51–52) will appear early in January, 1910, in order to bring all periodicals published and registered for copyright protection during the year 1909 within the volume for that year.

1910

The act of March 4, 1909, going into effect July 1, 1909, provides that the Catalogue of Copyright Entries " shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

THE Catalogue of Copyright Entries is published in four parts. Part 2, containing the entries for periodicals, including newspapers, is issued monthly. The entries are arranged alphabetically by titles. The place of publication is only given when it is not the same as the address stated in the claim of copyright.

Under the act of March 4, 1909, copyright initiates upon publication with notice. The preliminary entry of title ceases and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "B," Class B, Periodicals; "©" stands for copyright registration, followed by date of publication; and "2 c.," for 2 copies, followed by date of their receipt.

This issue contains the annual index, which contains references from all titles and proprietors. The subscription price must be for the complete calendar year, and for Part 2 (Periodicals) is $0.75 for 1909, $0.50 for 1910, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.
